SPECIAL

XE HOTMELT

Sollas XE with hotmelt for paper.

Reliable

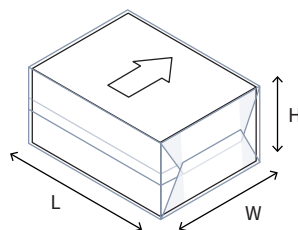

High quality

Eco friendly

Flexible

► Benefits

- Uncoated paper
- Wide size range due to adjustable hotmelt units
- Adding less then 5% hotmelt on total packaging possible
- No special requirements for paper
- Wide availability of the used paper
- Large cost reduction compared to pre-coated paper and carton
- Large power reduction compared to shrinkwrap
- Minimal heat input
- Printed paper possible
- Single product and bundles possible
