

sollas FSX SERIES

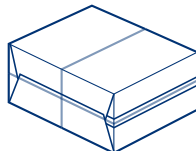

THE NEXT GENERATION OF OVERWRAPPING

100% SERVO DRIVEN

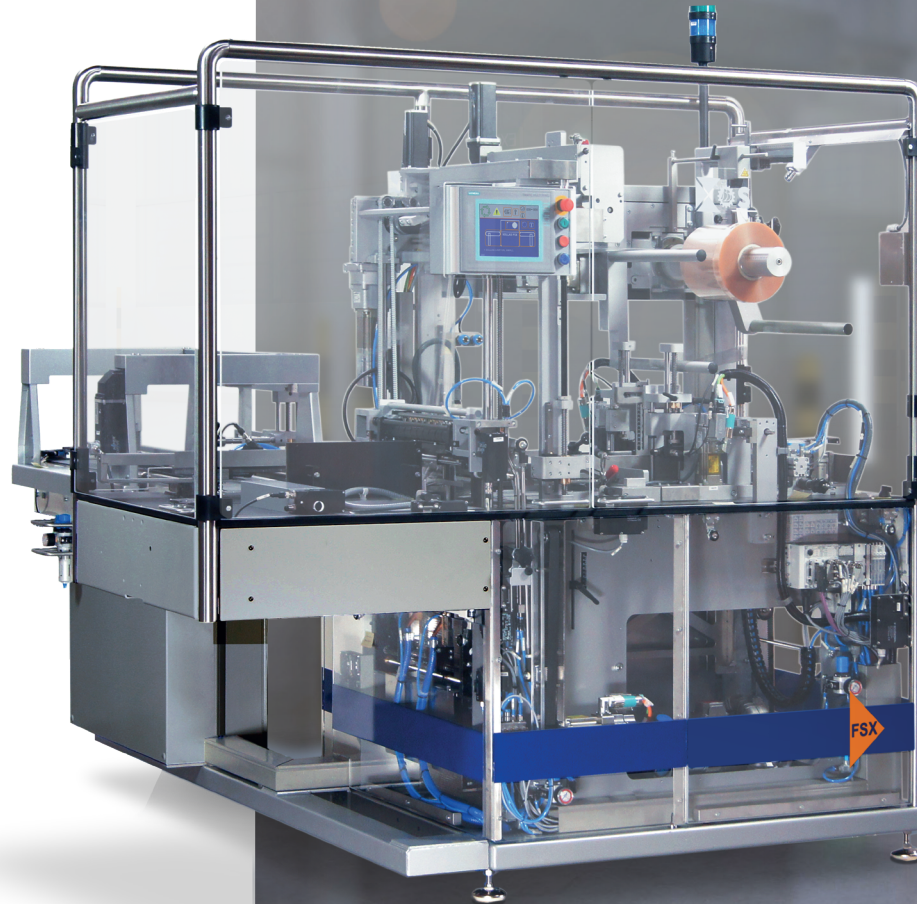

The Sollas FSX is the world's first and only 100% servo-driven overwrapper. Developed in close cooperation with costumers, it can wrap up to 160 products per minute and has a fully automatic size change-over in less than 10 minutes. Thus, the FSX-series meets the demands for a highly efficient wrapping machine.

Overwrapping

and bundling

DIGITAL VERSION

Your benefits

- ▶ Siemens industry 4.0-ready
- ▶ Combines excellent wrapping quality with perfect product presentation, giving the consumer first-user guarantee
- ▶ High speed: up to 160/min
- ▶ Large and flexible size range
- ▶ Self-emptying folding section
- ▶ Trailing edge seal: no seal on display side
- ▶ Quick product change-over in less than 10 minutes (optionally, this can be fully automatic)
- ▶ Fully servo-driven for minimal maintenance
- ▶ Easy operation through HMI
- ▶ Can handle (bio)film and paper
- ▶ Different infeed directions and bundle infeed systems possible

Options

- ▶ Teartape for easy opening
- ▶ Printmark registration
- ▶ Bundle infeed systems (tilting, stacking, rotating etc.)
- ▶ Splicing unit
- ▶ Printers
- ▶ Paper modifications
- ▶ Allen Bradley controls

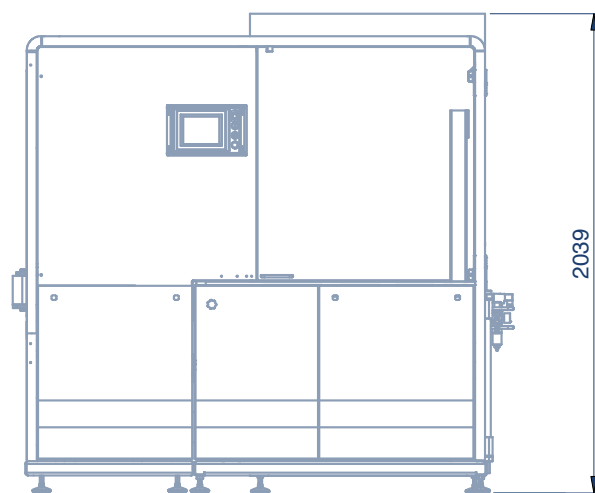

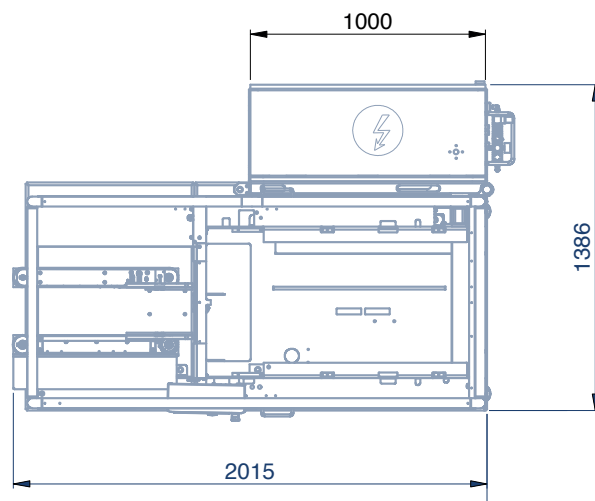

Technical details

Main specs

Max output ¹	160 /min
Min product size (mm) ²	L 40 W 20 H 25 (7)
Max product size (mm) ²	L 300 W 225 H 96 (125)
Film width range	50 - 435 mm
Film-roll diameter max	400 mm
Air consumption	5 nl / stroke³
Working pressure	6 bar
Power consumption	6.0 kW³
Machine approx. weight	1000 kg
Machine color	RAL 9006 (Sollas grey)
Drive system	Servo driven
Control system	PLC (Standard SIEMENS, Rockwell or Allen Bradley optional)
Configuration	HL / HR / LL / LIL / DIL
Packaging materials ⁴	Polypropylene, coated paper, recyclable BOPP and biodegradable BOPLA

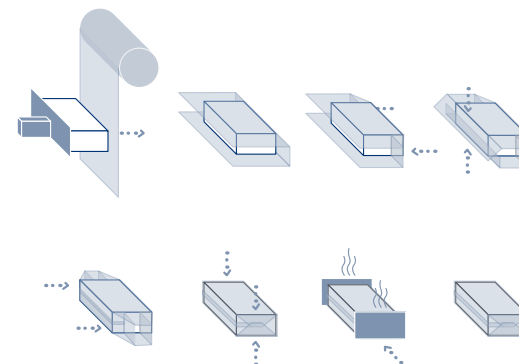

¹Depending on product and packaging material. ²Numbers within brackets indication optional changes. ³Without accessories. ⁴In general, all common heat-sealable packaging materials can be used. When in doubt, Sollas will gladly test any material that you wish to use.
